A HumanaOne Preventive Plus Dental Plan helps you save money on services and treatments you need for good oral health.

The fact is good dental health has a lot to do with good overall health. Routine cleanings can reduce the chance of getting gum disease. That's good since gum disease has been linked to serious conditions such as heart disease, diabetes, and stroke. So, if you've thought about getting dental insurance, but didn't think you could afford it, consider HumanaOne.

A **HumanaOne Preventive Plus Dental Plan** offers great dental coverage at affordable rates. That can help protect your budget as much as your teeth. And with the focus on preventive treatment, you can help keep your teeth healthy *before* any problems start.

Take a look at all you get:

- No copayments for office visits
- Guaranteed approval — you'll never be turned away for pre-existing conditions
- 50 percent coverage on basic services and savings on major services
- 100 percent coverage on the following services when you visit a network provider:
 - Routine cleanings
 - X-rays
 - Topical fluoride treatments

- Your choice of any dentist, with in-network discounts averaging 27 percent

You'll gain other benefits too. And we offer you genuine customer care backed by more than 30 years of dental experience. All our benefits are easy to use and understand.
